

TEACHERS' CASE MAY BE SENT TO HIGHEST COURT

Directors of Japanese Association Plan to Test Ruling and Get Final Decision

That the case of the five Japanese teachers who were recently held by the local federal court to be ineligible for entrance to Hawaii on the ground that they were "contract" laborers, will eventually reach the supreme court of the United States if they lose out in their appeal to the ninth circuit court of appeals, California, is the assertion made today in local Japanese circles.

The directors of the Japanese Teachers' Association are meeting at the Nippon Japanese school this afternoon to discuss ways and means for raising funds to assist the Japanese in perfecting their appeal to the California court. It is the aim of the directors to make this particular matter a test case and it is declared that, if necessary, they will carry it to the highest court in order to get a definite ruling on the status of Japanese teachers coming to the United States.

It was pointed out today that, if the case is lost, there can be no new teachers brought here, and that the Japanese schools will have to depend solely upon their present faculties. It is declared, however, that if the case is won, many new pedagogues will be brought into the territory from Nippon.

BIBLE TRAINING SCHOOL TO OPEN

The fall opening of the Honolulu Bible training school is announced for tomorrow morning by Theodore Richards, dean. The meeting will take place at 9:45 o'clock in the Sunday school building adjoining Kawaiahao church. The organization of the school for the new year will take place with class and group of divisions and a probable election of officers.

The Honolulu Bible training school begins its fourteenth year of service. The school is for young people of all nationalities who have completed the eighth grade in the public schools. Embracing three years of study, it prepares its students for intelligent teaching of the Bible, with teaching methods, together with simple psychology in the third year. It is undenominational in character and all young people not already pledged for Sunday school work the coming year are invited to enroll. Old students are especially invited to be present tomorrow.

The faculty of the Honolulu Bible training school is as follows: Theodore Richards, Miss Lulu Conover, extension secretary; Rev. Akiko Akana, Miss Ida Macdonald, Mr. and Mrs. P. C. Wilkins, Mrs. Lilla G. Marshall, Miss Ruth C. Shaw, Miss Emily V. Warner and Mr. Richard Whitcomb.

ALL CASES OF VICE AND BOOZE SELLING WILL BE PROSECUTED, HUBER SAYS

District Attorney S. C. Huber has conferred with Brig. Gen. J. F. Wisser, commanding the Hawaiian department, regarding a proposed campaign to wipe the city clean of commercialized vice, and to curb the illicit sale of liquor to enlisted men in uniform.

"General Wisser is thoroughly in accord with the spirit of the regulations and is anxious to see them enforced," said Mr. Huber today.

Attorney Huber declares he will prosecute every case of vice and liquor selling where the evidence is forthcoming. He points out that the case of the colored man and woman arrested yesterday for conducting a bawdy house in Kalihi is the first of its kind to come to his attention in company with sufficient evidence on which to base a proceeding.

HIGH WAGE ADVOCATES WILL MEET TOMORROW

Japanese advocates of higher wages will meet tomorrow evening at 7:30 o'clock in the Asahi theater, Maunakea street. Editors of the Japanese newspapers are to address the meeting. Unlike former conferences, this meeting has been arranged for the purpose of enabling the plantation labor leaders, or their spokesmen, to come to Honolulu and hear the arguments of the speakers.

PERSONALITIES

CARLOS CACERES, a local musician, left on the Niagara yesterday to settle in Seattle.

MANUEL G. PASCHOAL, member of the last house of representatives from Maui, was a visitor in Police Judge Irwin's courtroom this morning.

MERLON G. EMMANS, son of Mrs. Luella E. Emmans of Waikiki, left in the Niagara yesterday on his way to Seattle, where he expects to open a music studio.

T. KONNO, president and manager of the Kona Development Co., who has been in Honolulu on business, will leave this afternoon in the Mauna Kea, which sails at 3 o'clock.

TWIGG SMITH, a Honolulu artist, is now serving as acting corporal in the camouflage section Co. A, 25th Engineers, at Camp American University Station, Washington, D. C.

O. H. SISON and Mrs. Sison of Tama, Iowa, were through passengers on the Tenyo Maru en route to India where they will engage in missionary work. While in Honolulu they were entertained by District Attorney and Mrs. S. C. Huber.

LIFE OF YOUTH SAVED BY QUICK WORK OF HUSSY

Jumping into a 3-foot pool with all his clothes on, Ben Hussy, a former Kihala youth, now in the employ of the Hawaiian Electric Co., is given credit for the saving of a 5-year-old boy, life last Sunday morning in Kihala.

Hussy was watching a number of boys playing around a hole which had been dredged out in the vicinity of the Union Feed Co. store. One of the smallest of the boys fell in the water and little attention was at first given to him as it was presumed he could swim and get out of the hole himself.

Then Hussy saw the boy was drowning and that his sinking for four times had not been play. The electrician jumped into the water and brought the boy to land, where he turned him over and resorted to first aid methods. After a few pats on the back the boy got up and ran off toward his home without even a grateful look.

The only injury was to Hussy's Sunday clothes, shoes and watch, which were thoroughly soaked and to his feelings, because the boy did not say thank you.

MAY BE MONTHS BEFORE OZAWA CASE IS HEARD

K. Mitsuse of Los Angeles, Cal., was one of the through passengers on the T. K. K. liner Tenyo Maru which sailed early this morning for Yokohama. He is the proprietor of the Mikado hotel in the California city and one of the directors of the Central Japanese association of that city.

As the association has announced its readiness to assist the naturalization case of Takao Ozawa of this city, Mr. Mitsuse, while in Honolulu, had a lengthy conference with Mr. Ozawa, in which more or less definite plans with regard to the naturalization case were thoroughly discussed.

The Ozawa case, which has gained national significance, is now pending in the United States supreme court for a final decision. It is believed by those who are in close touch with the situation that the case will not come up before June. The country's best known lawyers, such as ex-President Taft and Senator Root, have been suggested as counsel to assist Attorney D. L. Withington to represent Mr. Ozawa, but as far as can be learned here, no definite step to retain them has been taken.

HIGH BUDDHIST TO COME HERE FOR DEDICATION

Bishop E. Imamura, head of the Buddhist mission in Hawaii, known as the Hongwanji sect, was one of the departing passengers on the T. K. K. liner Tenyo Maru early this morning. He will spend several months in Japan before returning here to assume his religious post.

While in Japan, Rev. Imamura said, just before his departure, he will make arrangements to bring one of the highest priests of the Hongwanji sect to attend the dedication ceremony of the new temple now under construction on upper Fort street. Work on the new temple is progressing rapidly and it is expected the huge structure will be ready for the opening early next summer.

ACTION TO HALT VIERRA'S PAY IS DELAYED AGAIN

Because counsel for the plaintiff has not yet had time to go over the demurrer filed by the city and county attorney's office, hearing on the injunction suit brought by L. L. McCandless to stop the pay of Park Supt. A. K. Vierra, and incidentally settle the question of the mayor's right to appoint department heads, was continued in Circuit Judge Ashford's court this morning until Wednesday, October 3.

Deputy City Attorney A. M. Cristy, representing Mr. Vierra, the board of supervisors, the mayor and other city officials, announced that he was ready to go ahead. Attorney J. Lightfoot said he would like to have further time to look into the demurrer.

"Of course we contend that the whole cause falls if we are successful on the demurrer," explained Attorney Cristy. Judge Ashford allowed the continuance.

Mr. Vierra and Supervisor Ben Holinger were in court.

HOY WILL APPEAL HIS CASE TO HIGHER COURT

Goo Wan Hoy, Chinese business agent who was recently adjudged by Circuit Judge Kemp to be guilty of contempt of court, has filed in circuit court his notice of appeal to the supreme court. It was alleged that Goo Wan Hoy removed from the courtroom and destroyed a letter that had been introduced as evidence in a case in which he was defendant.

TRIO HARKEN TO 'CALL OF BLOOD'

(Special Star-Bulletin Correspondence.)
HILO, Sept. 20.—Scores of friends and well wishers watched the departure of the steamer Mauna Kea last Monday afternoon from the Kuhio wharf, for it was carrying away for perhaps the last time three young men who have answered the "Call of the Blood." They were Thomas Straithairn, Thomas Stewart and E. B. Herkes, all of whom have close family connections and many friends on the Big Island, who left to join the second British contingent of recruits in Honolulu.

Straithairn, although a comparative newcomer to Hawaii, has gained, through his fine personality and good nature, many friends. For a time he was the chief clerk on the Mauna Kea, but was recently promoted to the position of purser. Now that he is on the road to success, after years of hard work and effort in other lines of endeavor, he has willingly thrown up everything to proceed to Canada and join the British forces, to do whatever is asked of him.

Thomas Stewart is the son of Donald Stewart of the Waialeale plantation and comes of a long line of "fighting" Stewarts. The famous Black Watch has had many of the clan, including Donald Stewart himself. The son who now goes to the front is the second boy offered by Mr. and Mrs. Stewart.

E. B. Herkes is a nephew of Harry Beveridge of Papeaia and is from Nova Scotia. He has given up his position as engineer of the Hutchinson Sugar company to answer the "Call of the Blood." He is to go to his home country, where he will join a Nova Scotia regiment. It is of peculiar interest that all the men who have gone to the front from that country are natives. To join the Nova Scotia regiments, many of these men have traveled thousands of miles so as to be with their own native countrymen.

LOCAL ELKS TO HELP CONSERVE SUPPLY OF FOOD

With a view to conserving the food supply and eliminating extravagance at the dinner table, members of the Elks' club met last evening to discuss the question. Pledges were passed around among the members and the majority of these were returned with signatures at the bottom of the slip.

A letter from the grand exalted ruler was read to the members, which pointed out that America had a huge problem confronting her. Germany started this war, read the letter, but America is going to finish it. Every man, woman and child must help in making the world safe for democracy. But not every one can bear arms and fight in the military service, nor can everyone donate huge sums of money to aid the nation financially. However, by following a few simple regulations regarding the extravagance and waste of foodstuffs, this danger may be eliminated and material aid to the nation will result.

The pledge which the members were asked to sign was as follows:

I hereby pledge that for the duration of the war the following rules will be observed in my household:

That one meal each day shall be served without wheat food.

That one meal each day shall be served without meat.

That no butter shall be used for cooking purposes when a satisfactory substitute is available.

That bread shall be sliced during each meal only as required for immediate consumption.

That at three meals each week at least one dish shall be served prepared from food unconsumed at previous meals.

The committee on the food question consists of E. W. Quinn, John A. Hughes and Robert W. Shingle.

Following the discussion of the food question an initiation of new members was held.

JAPAN STRAINS EVERY EFFORT TO GET SHIPS

SAN FRANCISCO, Sept. 9.—Japan is resorting to desperate measures to keep up its gigantic shipbuilding operations, according to Capt. Robert Dollar, president of the Robert Dollar Co., who returned yesterday from a five-months' absence in the Orient.

"The supply of steel in the shipyards is getting very small on account of the embargo on steel exportation by this country," said Captain Dollar. "In order to meet the situation, Japanese builders have purchased every bit of steel to be found in China and other countries near Japan. But that supply is limited, too. The owners are so clamorous for the completion of their vessels that they consent to the shipbuilders plying in with odd shapes of steel when regular shipplates are not to be had."

"Everywhere you go Japanese vessels are loading or unloading rich cargoes. The owners of ships can hardly wait for the craft to be turned over to them from the yards in order that they may share more in the immense profits being made from high freight rates in all parts of the world."

Captain Dollar said he was not sure it was a wise thing for the United States government to fix the maximum for freight rates on the ocean, as the foreign vessel having its rates kept down might never return to our shores and shortage of tonnage might result.

Some of the former German steam ships seized by the United States at Manila are bringing cargoes to this port for the Dollar company.

MAY BE ASSIGNING TEMPORARY OFFICERS TO NATIONAL ARMY

Indications at army headquarters are that the men named as temporary second lieutenants, regular army, are beginning to get their assignments as first lieutenants, national army.

Word received from Washington announces the names of 35 such lieutenants of field artillery and 130 of infantry. So far as is known these first orders affect no one in the Hawaiian department, but additional orders for many of the temporary lieutenants here are expected at any time.

TO HOLD OPEN-AIR MEETING TOMORROW

Isaac H. Harbottle of the Reorganized Church of Latter Day Saints will be the speaker at the meeting of the Young People's League at Maluhia park, Hotel street, at 7 o'clock tomorrow evening.

A special musical program has been arranged and it is expected that the attendance will be large.

Francesco A. Ruggieri, an honorably discharged member of the Marine Corps, was admitted to American citizenship in federal court today.

A number of the Clive Convention delegates from the other islands, who extended their visit to Honolulu for a full week from last Saturday, will leave this afternoon for Hawaii and Maui on the Mauna Kea. Among these will be William Hussen, James Henderson, George Willifong, George Desha of Hilo, and Enos Vincent of Wailuku.

Between 200 and 300 employees of the Valley Falls, R. I. branch of the River Spinning company were on a strike. They want an advance in pay from 25 cents an hour to 30 cents.

BEATS AND KICKS HER, THEN BURNS UP HER CLOTHES

Porto Rican Woman Knocked Unconscious With Chair: Assaultant is Locked Up

In a fit of rage Mathias Promite, a six-foot Porto Rican, living in the Ah Leong block, Ala. street, hurled a chair at Crustia Perez, a Porto Rican woman with whom he had been living, struck her across the head, kicked her and assaulted her so badly that she was nearly unconscious before the patrol wagon arrived, and finally he piled all her clothes and possessions in the middle of the floor and set fire to them. Only quick action on the part of neighbors saved the house from destruction by flames.

The outraged neighbors started for the big Porto Rican and chased him out of the house. He was finally corralled by Officer Belmont, of Chief McDuffie's squad.

The affray occurred this morning, and Promite is now lodged in jail charged with assault.

A hurry call was sent into police headquarters this morning, and the patrol was dispatched to the scene of trouble. The house was in confusion, smoke was pouring from the door, and the battered woman was lying on the floor. Excited neighbors were running back and forth, extinguishing the flames and shouting at the top of their lungs. The police quickly restored order, and the woman was rushed to the emergency hospital where an examination showed that she was not seriously injured. Her body was a mass of bruises and welts where the man had struck her, and her arms were slashed as though with some sharp instrument.

She explained that after the man had beaten her up, he piled all her clothes in the middle of the floor and set them on fire. She volunteered no explanation for the cause of the trouble, and the man refused to talk when lodged at headquarters.
